

## 2024 – 2025 Member Challenge

In 2025 our guild will have been in existence for 45 years. To honor this achievement our next member challenge will be called “Four and Five.” All members are invited to create a piece that fits the criteria below.

Projects must be 14” by 15” (in either direction) and include 4 of one thing and 5 of another. The possibilities for fulfilling this parameter are endless but the “counts” must be identifiable. Here are some examples:

- 4 different red fabrics and 5 different green fabrics.
- A layout of 4 blocks by 5 blocks.
- 4 bugs and 5 flowers.
- 4 books and 5 pencils.
- 4, five pointed stars.
- 4 blocks and 5 borders.

... and on and on! Finished projects will be turned in at the June 5, 2025 guild meeting, our end of year picnic. We will ask participants for a verbal explanation of how they depicted four and five so we can make signs to hang alongside the entrees, which will be on display, anonymously, for attendees to vote for their favorite.

So, 14” by 15”, 4 of one thing and 5 of another, due at our June 5, 2025 guild meeting.

Let us know if you have any questions!
