

2027 Member Challenge

*“One of these things is not like **e** the other”*

Create three, 10" x 10", identical*** blocks.

*** The blocks should be identical **except** for a slight difference in **ONE** of them. For example, there can be a component that is a different color or fabric or orientation, etc. The difference can be subtle or obvious.

Add a 1" border and then a 2" border.

The outside, finished dimensions, should be 16" high x 36" wide. You may go over a bit to accommodate a binding.

Member Challenges are due at our end of year meeting on June 3, 2027.
